GENERAL INFORMATION:

1. Do not pile lawn clippings, brush, or other debris in the gutter area.
2. Trim trees and shrubs for adequate clearance of the sweeping machine
3. Do not sweep trash off sidewalks and leave it in the gutter area
4. Move vehicles or equipment off of the street as sweeper drivers cannot stop and wait while vehicles are moved

Every effort will be made to keep the sweeping schedules, however during heavy rains, leaf season, mechanical breakdowns, and holidays the schedule will be altered to assure the most efficient service for all areas.

In addition, routes are subject to revision as new residential subdivisions are added to the schedule. New subdivision areas will be swept once the subdivision is accepted.

The Public Works Department appreciates your cooperation, and strives to provide superior service to the citizens of the City of Madera. If you should have any questions, please call (559) 661-5466 for assistance.
